

# PGLAND-T310

Tool-Free IP65 T Connector for  
Lighting Installations

The Superlume P-GLAND T Connector redefines speed and simplicity in lighting installations. This tool-free, 3-way connector features quick-release clips for Live, Earth, and Neutral connections — no screwdrivers or screws required. Built with durable IP65-rated housing and rated for 16A loads, it's ideal for demanding site conditions.

Perfect for electrical contractors and project teams looking to speed up installations and ensure compliance.
