

ZXN4801 LOUVRES

Anti-Glare Stainless Steel Light Diffuser

 **5 YEAR**
Warranty

The ZXN4801 is a premium glare-control louvre designed specifically for the ZXN1801 clear sphere range.

Crafted from durable stainless steel, this optional extra helps protect the E27 lamp while offering a more diffused, comfortable light output.

Available in multiple sizes for sphere diameters between 250mm and 400mm, the ZXN4801 ensures enhanced visual comfort and improved aesthetics for outdoor and general lighting projects.
