

T8 LED LAMPS

Energy-Efficient Fluorescent Replacements

Superlume's T8 LED Lamp range is engineered for reliable, long-term performance in demanding environments. Offering a cost-effective upgrade from traditional fluorescents, these LED tubes provide high-efficiency, flicker-free light while significantly reducing energy usage and maintenance costs.

Ideal for retrofitting large facilities, from commercial buildings to warehouses and residential complexes.

Product Code	T8TUBE9WLED2FT	T8TUBE18WLED4FT	T8TUBE24WLED5FT
Lamp Wattage	9W	18W	24W
Colour Temperature	Cool White		
Base Type	G13	G13	G13
Lamp Length	600mm	1200mm	1500mm
