Hello **Versatility!**

The MAGFLEX is a rugged, high-performance industrial LED rope light engineered for demanding environments such as tunnels, conveyor belts, and enclosed mining corridors. Designed with safe extra-low voltage (SELV) operation, MAGFLEX delivers long continuous runs—up to 50 metres powered from a single end or 100 metres when powered from both ends.

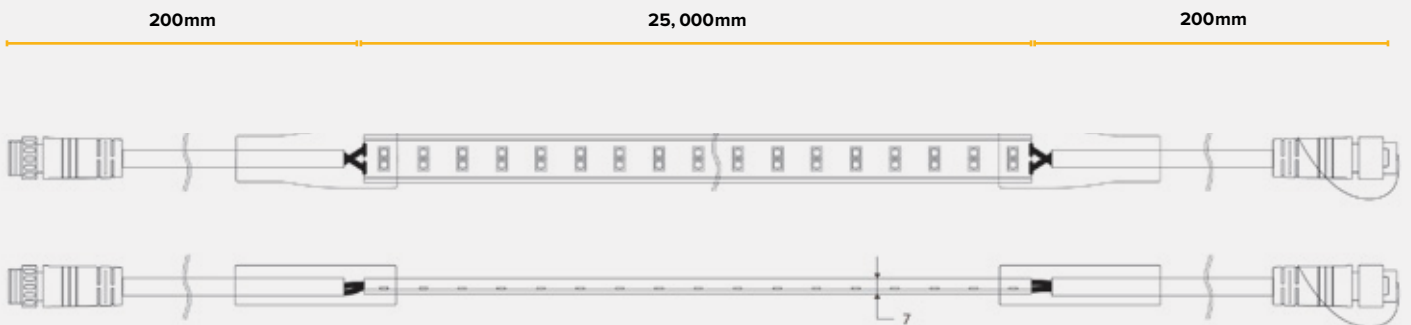

This modular plug-and-play system is built for rapid deployment and durability, featuring a non-toxic silicone body, patented anti-dust coating, and optional glow-in-the-dark emergency indication. With flexible mounting, advanced power stabilisation, and class-leading energy efficiency, MAGFLEX is your go-to solution for reliable linear lighting in critical infrastructure environments.

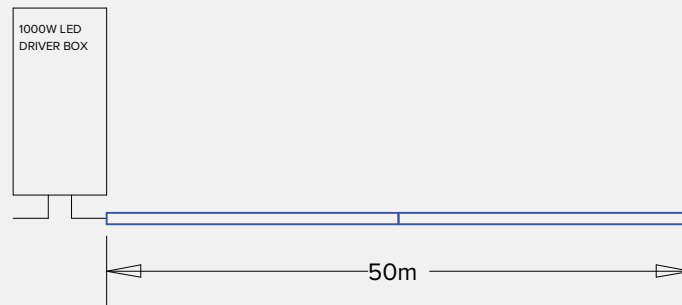

Fit-For-Purpose:
