

ZXN POLES

Durable Mounting for Outdoor Sphere Installations

 **5 YEAR**
Warranty

The ZXN Pole range is designed to complement the ZXN1801 sphere luminaires, enabling secure and elevated installations for outdoor applications. Manufactured from UV-stabilised PMMA, these poles offer exceptional weather resistance and long-term durability.

Optional lengths and finishes allow for versatility in both design and application. The poles can be installed directly into the ground or mounted on a hard surface using the ZXNWA1B base.

Perfect for municipal projects, retail parks, campuses and garden lighting installations.
